Formation Talk Format

Guidelines for writing a formation talk for a monthly retreat or local convention or formation event

Preparation:

. Outline:

<i>Theme</i>	<i>Meditation Gospel Passage</i>	<i>Practical Talk Points</i>	<i>Practical Talk Sources</i>

You can incorporate the monthly retreat's Gospel passage and reference personal experiences within in the Movement to aid in the presentation of the points. The practical talk should be 20-30 minutes long and provide tools for concretely living the spiritual principles presented in the retreat meditation preceding the formation talk.

Consider including the following while presenting the practical points:

1. Pope's example, experience or quote.
2. An example of a saint or Mother Mary
3. Current events and the need for Christ, liturgical season and emphasis
4. Initiatives, apostolates or current projects of the Legionaries or Regnum Christi
5. The Spirituality, Core Convictions, and Practical Principles of Regnum Christi
6. Present your points in a sequential way, so that they build on each other logically and are not a presentation of random ideas.

Love Christ. Serve People. Build the Church.
